

The Prop House/VM+ Custom Decorated Christmas Foliage - Deluxe Trim Style

We create custom wreaths and trees for your Christmas display; whether it be for your living room, office, workplace or event. Simply select your foliage element, choose whether you will require lighting, discuss with one of our Christmas Stylists what colour palette you require, and your bespoke element will be created for you. The prices listed below include your choice of coloured baubles in matte, shiny and glittered and some specialty items. We will require a minimum of 5 days to custom make your element.
